PRINCE GOUR

AI Enthusiast | Aspiring Software Developer | Web Developer

Email: princegour248@gmail.com | GitHub: github.com/princegour248-art | LinkedIn: linkedin.com/in/princegour | India

PROFESSIONAL SUMMARY

Motivated Bachelor of Computer Applications (BCA) student with a solid foundation in software engineering, full-stack web development, and artificial intelligence integration. Experienced in developing practical web applications, designing resilient RESTful APIs with Python & FastAPI, and implementing clean user interfaces with an architectural, privacy-conscious mindset.

TECHNICAL SKILLS

Programming Languages: Python, Java, JavaScript (ES6+)
Frontend Technologies: HTML5, CSS3, Modern JavaScript, React, Responsive Design
Backend & APIs: Python, FastAPI, RESTful APIs, Node.js Basics
AI & Machine Learning: Generative AI, AI API Integration, Ollama Local Models, Prompt Engineering
Databases & Storage: SQL, Relational Database Design, Supabase, LocalStorage
Developer Tools: Git, GitHub, VS Code, Vite, Command Line / PowerShell

FEATURED PROJECTS

Master Sahab — AI Student Assistant — Python, FastAPI, JavaScript, Generative AI (Ollama/LLMs), CSS Modules

- Architected a production-ready AI academic study platform providing multi-turn conceptual explanation and doubt resolution.
- Engineered automated daily routine timetable planner, active recall flashcards with 3D flip physics, and interactive practice quizzes.
- Implemented local-first client persistence with 0ms offline latency fallback for continuous accessibility without cloud lock-in.

College Complaint Management Portal — Python, FastAPI, SQL, JavaScript, Role-Based Access Control (RBAC)

- Engineered an institution-wide grievance redressal platform with student, department, and administrative role tiers.
- Integrated anonymous filing options with cryptographic privacy safeguards to protect student identity while preserving audit logs.
- Implemented real-time ticket state tracking across submission, review, investigation, and resolution stages.

EDUCATION

Bachelor of Computer Applications (BCA) — Undergraduate Student (Current)

Relevant Coursework: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Web Technologies, Software Engineering

INTERNSHIP EXPERIENCE

Web Development Intern — Cognifyz Technologies — Internship / Documentation

- Implemented responsive web layouts and interactive interface components following modern web standards.

UI/UX Design Intern — CodeAlpha — Internship / Documentation

- Formulated user journeys, interactive wireframes, and design system tokens for consistent digital user experiences.

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Samsung: Big Data Professional Course
- Google Cloud: Generative AI Fundamentals Certification
- Tata: GenAI-Powered Data Analytics Specialization
- Mastercard: Cybersecurity Fundamentals Course
- Simplilearn: Machine Learning Foundations Course
- Web Development Professional Certification
